

# Why Invite the Ubells to Your Special Event?

**Alvin Ubell** is a nationally known broadcaster, author, home and building inspector, and speaker. Alvin has been a spokesperson for General Electric, Owens Corning, Black & Decker, Rust-Oleum, Brooklyn Union Gas, Consolidated Edison, Carrier Corporation, Slant/Fin Corporation, etc. Having started in the construction industry since he was sixteen, Alvin, for the past twenty years, has conducted construction, personal injury and construction damage investigations, as well as expert testimony at local, state, and federal courts.

**Lawrence Ubell** is president and Chief Inspector of Accurate Building Inspectors. He has spent much of his career inspecting homes and buildings for potential real estate buyers of every type of structure, from outhouses to skyscrapers. Both Larry and Alvin have given talks to many legal gatherings including community and real estate groups and educational assemblies, nation wide. Larry and Al are regular guests on the WNYC-Radio Leonard Lopate Show, **“The Gurus of How-To.”**

## TALKING POINTS - TOP TEN

1. Secrets to Success, of which there are None!
2. Who Should and who Should not be an Expert?
3. Why are Home, Building, or Apartment Inspections needed when purchasing Real Estate?
4. How Can I Save Energy & Save \$\$\$ Money?
5. Construction and Building Safety Technology

7. Why do upper story apartments have higher temperature Hot Water than lower apartments?
8. Hot Water Scolding and Safety Technology
9. Home & Work Accidents and Prevention
10. Home Maintenance, Repair and Management

## We LOVE to Engage People

The Ubells love to create an interactive relationship with an audience by encouraging listeners to interrupt during lectures with comments and questions. And there is always a Q&A at the end of every event. Both Ubells have energetic personalities and keen sense of humor yet always stay on message. We never disappoint ourselves! So with that,

*“Come-on America, Go Forth & Fix,  
Save Energy & Money, & Do it safely®.”*
